

Duchesne, Summit, and Uintah counties — Boundary begins where the White rocks River crosses the Forest boundary; north along the White rocks River to White rocks Lake and USFS Trail 025; east on this trail to USFS Trail 019; north on this trail over an unnamed pass to Weyman Park and Weyman Creek; northeast along Weyman Creek to Brownie Lake and Carter Creek; east along this creek to SR-44; east on SR-44 to SR-191; south on this road to the USFS boundary; west along this boundary to the White rocks River. USGS 1:100,000 maps: Dutch John. Boundary questions? Call DWR Vernal office, (435) 781-9459.

This topographic map depicts the Ashley National Forest, with its boundary clearly marked by a red line. The forest is situated in the central and eastern portions of the map, covering areas within Baggett County and Duchesne County, Utah. Key geographical features include several mountain peaks, such as Leidy Peak (12,038 feet), Marsh Peak (12,219 feet), and Ice Cave Peak (11,718 feet). The map also shows numerous reservoirs and lakes, including the East Park Reservoir, Lone Park Reservoir, and the Snake Reservoir. Contour lines are used to represent elevation, with major peaks and ridges labeled. The map includes a grid system with latitude and longitude coordinates. The surrounding areas are labeled with county names and other geographical features, providing a comprehensive view of the region.

**Important Note:** Although every effort is made to ensure the accuracy of this map, it is provided for general reference only and does not constitute the legal hunt boundary for this unit. Please refer to the appropriate proclamation for the authoritative boundary description of this hunt, as well as all relevant regulations. Please be advised that cooperative wildlife management units and some other areas are closed to hunting.
